

# Resume - Gustav F. Engbo

Student Digital Designer

## Profile

I am a passionate digital design student, with a talent for navigating complex problems and taking the lead when needed. User-centered design and sustainability are at the center of my practice, which includes UX and UI, co-design methods and front-end web development. Much of my past has been spent studying music production and audio-design independently. When at work, I wish to contribute to a friendly social environment, where people can feel safe and aren't afraid to try something new or unexpected.

## Education

### Digital Design Bachelor (2022 - 2025)

Aarhus University

- Broad technical and theoretical foundation in digital technologies.
- Programming experience in javascript, html, CSS, and python.
- Experience with various types of prototyping, physical and digital.
- My design solution won "Most Innovative Idea" out of 38 projects at the final design expo, under the theme "Sustainable Energy Futures."
- Bachelor's project about evaluation of aesthetic sonification.

### Electronics Engineering Studies (2020 - 2021)

Aarhus University

- Programming experience in assembly, C, and C++.
- Circuit design, signal processing and implementation of circuits.
- I interrupted this program, to study digital design instead, where my background in engineering has proven useful.

## Work Experience

### Web Designer & Graphic Designer (2024)

Clava Aps

- Co-design of Clava's visual identity, packaging and promotional material.
- Co-design and front end development of Clava's website using Shopify.
- Working with Clava has given me experience with UI, visual communication and the constraints of a start-up company.

### Bar Manager (2019 - 2023)

HeadQuarters Aps

- Customer service, managing staff and having full responsibility on opening nights.
- Communication, cooperation, initiative, and keeping an overview in a fast-paced line of work.
- Optimisation and maintenance of the bar.

### Independent DJ (2022 - now)

Freelance

- Insight into the conditions for independent work in the event industry.

### Volunteer Work

- Student volunteer at Aarhus 2025 - Crisis (X) Computing.
- Student coordinator for new uni students in the student union TIDD.
- Volunteer check-in, Roskilde Festival.
- Bar-, wardrobe- and service staff, TRAIN.
- Stage-hand, Heartland Festival.
